DOMINION ORDERS IN COUNCIL.

[1066]

AT THE GOVERNMENT HOUSE AT OTTAWA.

Saturday, the 27th day of April, 1912.

PRESENT:

HIS ROYAL HIGHNESS THE GOVERNOR-GENERAL IN COUNCIL.

WHEREAS by an Order in Council dated 21st day of June, 1901, regulations were established providing for the issue of a licence to keep a theatre or similar place of amusement within the National Parks, the fee to be \$10, and the licence to expire on the 31st of May next after the date of issue:

And whereas a moving-picture show is operating in Rocky Mountains Park, and as there is great danger of fire from the operation of moving-picture machines unless proper precaution is taken, it is considered advisable that regulations should be established calculated to furnish adequate protection to the public attending these shows within Dominion Parks:

Therefore His Royal Highness the Governor-General in Council, in virtue of the provisions of

section 18 of the Dominion "Forest Reserves and Parks Act," assented to on the 19th May, 1911, is pleased to order and it is hereby ordered as follows:—

That the following regulations be established to be observed by every user, exhibitor, and operator of a cinematograph, moving-picture machine, or other similar apparatus within the Dominion parks:—

1. No theatre or place of amusement shall operate a cinematograph, moving-picture machine, or other similar apparatus without first securing a licence from the Park Superintendent therefor. A fee of \$1 shall be payable for such licence. No person shall operate any of these machines without first securing an operator's licence from the Park Superintendent at a fee of \$1, and the licence shall not be transferable. These licences shall expire on May 31st next after date of issue.

The Park Superintendent shall at any time have authority to cancel such licences for cause.

2. All machines shall be located within a cabinet of style and size agreeable to the Park Superintendent. The cabinet shall be lined inside throughout with two-ply of fourteen-pound pure asbestos paper and covered with metal, door opening outward with spring and shall have no lock (provided that any other fireproof cabinet that passes inspection of the Park Superintendent or officer authorized to inspect same may be used), and shall be equipped with an automatic cut-off, each opening to be equipped with fusible links or wire; all wires conveying electricity to this cabinet to be properly insulated by porcelain tubes or other proper insulating substances. A switch within the cabinet shall be enclosed in a fireproof box.

In the event of the lamps of the machine being lighted by any means other than electricity, the equipment shall be subject to the approval of the Park Superintendent.

The cabinet shall be kept clean and free from any articles not required for performance. A fire-extinguisher of the Carbonic Acid Gas or other pattern approved by the Park Superintendent, in good working order, shall be kept within the cabinet.

3. All machines shall be equipped with fireproof magazines, automatic fire-shutter, asbestos wire connections throughout not smaller than No. 8 (except as hereinafter provided), and shall be worked by hand. Where a rheostat is used it shall be set on marble, or slate, at least one inch thick in a fireproof box. All films shall be transferred from one spindle to another in a metal rewinding-box. Machines using smaller current may, on written permission from the Park Superintendent, use No. 10 wire lamp connections.

4. Every operator shall be of the full age of eighteen years. He shall examine his machine and wire connections daily and must devote his time entirely to machine while operating. He shall not permit any person to enter or remain in the cabinet between the times of the opening and the closing of the theatre to the public (except the Park Superintendent, or other officer authorized by him to inspect the machine), and no smoking or lighting of matches (except where necessary to light the lamps of the machine where the lamps are lighted by any means other than electricity) shall be allowed at any time, nor shall reading-matter be allowed in the cabinet or on the person of the operator. No operator shall operate a machine while under the influence of liquor.

5. All "exits" shall be marked with a sign, with letters not less than six inches long, with word "Exit," and to be accompanied with a red light (and no other red lights to be used on the premises). Where the building is lighted by any means other than electricity, special precautions shall be taken to prevent explosions from lamps or fire from any inflammable material coming in contact with the lights. All doors shall open outwards and shall not be locked during time exhibitions are held. All exits must be thrown open for use at the conclusion of every performance.

6. The cabinet shall occupy a position which does not interfere with an aisle or passage-way.

7. Two fire-extinguishers of the Carbonic Acid Gas or other pattern approved by the Park Super-

intendant in good working order, besides a sand-pail and shovel, shall be kept continuously near the operating cabinet.

8. All halls, passage ways, stairways, or approaches shall be kept free and unobstructed by any camp-stool, chair, sofa, hinged seat, or other obstruction, or by allowing the public to stand in the aisles.

9. All licences shall be issued subject to the implied condition that no exhibition will be permitted on the Lord's Day except in connection with religious services by permit of the Park Superintendent.

10. The Park Superintendent (or any one designated by him) shall have authority to examine all films to be exhibited within the park, and to prohibit the exhibition of films that depict criminal or immoral scenes or films or any supplementary performances, such as songs or recitations, which may, in his judgment, be in any way objectionable.

HIS ROYAL HIGHNESS THE GOVERNOR-
GENERAL IN COUNCIL.

THE Minister of the Interior submits, under date the 18th day of March, 1912, that the Canadian Pacific Railway Company has applied for twenty-one and three-tenths (21.3) acres of the foreshore of Shuswap lake adjoining the Company's station at Sicamous Junction, more particularly described as follows:—

"All and singular that portion of the foreshore of Shuswap lake situate in the north-east quarter of Section 35, in the twenty-first (21) township, of the eighth (8) range, west of the sixth meridian, in the Province of British Columbia, containing nineteen and one-tenth (19.1) acres more or less, as shown outlined in red on the plan hereto attached and which may be more particularly described as follows: Beginning at the point on the easterly boundary of said Section 35, five hundred and twenty feet (520') south of the north-east corner of said Section 35, thence south seventy degrees west (S. 70° 00' W.) a distance of twenty-eight hundred and thirty feet (2830') more or less to a point on the west boundary of the north-east quarter of Section 35; thence southerly along the said west boundary of the north-east quarter of Section 35, a distance of three hundred and fifty feet (350') more or less to low-water mark of Shuswap lake; thence north-easterly, following the said low-water mark to its intersection with the east boundary of said Section 35, thence northerly following said east boundary a distance of one hundred and fifty-four feet (154') more or less to the place of beginning.

"Also that portion of the foreshore of Shuswap lake situate in the north-west quarter of Section 36, in the said township, containing two and two-tenths (2.2) acres more or less as shown outlined in red on the plan hereto attached, and which may be more particularly described as follows:—Beginning at a point on the west boundary of said Section 36 five hundred and twenty feet (520') south of the north-west corner of said Section 36, thence due east a distance of five hundred and forty feet (540') thence south thirty-four degrees east (S. 34° 00' E.) a distance of three hundred and twenty-five feet (325'); thence due west a distance of fifty feet more or less to low-water mark of Shuswap lake; thence, northerly and westerly, following said low-water mark to its intersection with the west boundary of said Section 36, thence northerly following said west boundary a distance of one hundred and fifty-four feet (154') more or less to the place of beginning.

The Minister states that the application has been investigated on the ground by an engineer of the Department of Interior, who reports the foreshore rights are necessary in the interest of the

Company, and recommends that the application be granted; that the application has also been favourably reported on by an engineer of the Department of Public Works, and that Department has signified its approval to a grant to the Company with the reservation regarding wharfage hereinafter recommended.

The Minister, therefore, recommends that he be authorized to issue a licence of occupation to the Canadian Pacific Railway Company for the foreshore lands described above, containing twenty-one and three-tenths (21.3) acres more or less, and shown outlined in pink on the plan hereto attached; the said licence of occupation to be for a term of ten years, at an annual rental of \$10, and renewal upon mutual agreement between the Minister of the Interior and the Company; reserving to the Crown in the interest of the public, the right to use for wharfage and landing purposes not more than 300 feet frontage of the area above described, also reserving to the public access to this frontage through or over the foreshore above described; the location and construction of any public docks, wharves, or other landing-places adjoining the area above described, to be with the approval of the Department of Public Works.

The Committee submit the same for approval.

RODOLPHE BOUDREAU,

my30 *Clerk of the Privy Council.*

[1967]

AT THE GOVERNMENT HOUSE
AT OTTAWA.

Saturday, the 4th day of May, 1912.

PRESENT:

HIS ROYAL HIGHNESS THE GOVERNOR-
GENERAL IN COUNCIL.

THE Minister of the Interior, under date 9th April, 1912, submits,—with reference to Orders in Council, dated 5th January, 1901, and 2nd January, 1908, authorizing the Minister of the Interior to confirm certain water rights covering water-power developments on the Stave River, in the Railway Belt of British Columbia, granted the Stave Lake Power Company, Limited, by the Province of British Columbia,—that under authority of these water rights the Stave Lake Power Company, Limited, proceeded to develop the water power of the Stave River.

The Minister states that the Stave Lake Power Company, Limited, has been succeeded by the Western Canada Power Company, Limited, which Company has expended to date in connection with its power developments on the Stave River, over \$5,000,000, and has at present completed all works and construction, including power plant at the Stave River, transmission lines to Vancouver, Mis-

sion Junction, and New Westminster, sub-stations, &c., capable of developing and utilizing between 13,500 and 27,000 horse-power, which amount will be gradually increased as there may be a demand, to over 70,000 horse-power;

That the Dominion land required in connection with the Company's power developments has only in part been granted;

That the Company has applied to the Department of the Interior for the following additional lands required for power site and for flooding purposes:

For Power Site Purposes:

That portion of Section 19, Township 18, East Coast Meridian, covered by the waters of Stave River40.6 acres.
That portion of the North Half of the S.E. ¼ of Section 10, Township 15, East Coast Meridian, covered by the waters of Stave River, 7.0 "
The Fractional North Half of the S.E. ¼ of Section 10, Township 15, East Coast Meridian, west of the Stave River.....47.2 "
Total.....94.8 acres.

For Flooding Purposes:

Those lands particularly described in the Schedule hereto attached, comprising an aggregate area of about 4,740 acres.

The Minister further states that while the Company's application for additional land has been recommended for approval after careful inspection on the ground by an engineer of the Department of the Interior, and has been confirmed by official surveys accepted by the Surveyor-General of Canada, no further action has been taken by the Department of the Interior owing to litigation involving the rights of Canada and the Province of British Columbia in the administration of water rights, including water powers, within the Railway belt of British Columbia;

That the lands required for power site purposes are clear and available for disposition to the Company, but a considerable portion of the lands required for flooding purposes are covered by timber berths held under licence from the Department of the Interior, and a small portion is either under homestead entry or claimed by squatters;

That the Company has already, at considerable expense, secured relinquishment to the Crown of the claims of most of the said squatters and homesteaders, and is now endeavouring to secure from the owners of timber berths affected a release to the Crown of the land required by the Company within their berths.

The Minister, therefore, recommends, in view of the favourable report of the departmental engineer, of the expense incurred by the Company to date, in securing relinquishment to the Crown of the rights or claims of homesteaders and squatters affected, of the Company's willingness to secure and file in the Department of the Interior release to the Crown of the land covered by timber berths, and especially in view of the transfer of administrative control of water rights, including water powers, within the Railway Belt of British Columbia to the Crown in the right of the Province of British Columbia,—that he be authorized:

(a.) To forthwith sell the Western Canada Power Company, Limited, the lands required for power site purposes (particularly described above) at \$10 per acre.

(b.) To sell the Western Canada Power Company, Limited, the lands set out in the Schedule hereto attached, required for flooding purposes, at \$5 per acre, as same are made available for such sale, by the Company furnishing, to the satisfaction of the Minister of the Interior, relinquishments to the Crown of all the rights or claims of all homesteaders and squatters affected, and also releases from the owners of timber berths of the land within their berths required by the Company.

The Committee submit the foregoing recommendation for approval.

RODOLPHIE BOUDREAU,
Clerk of the Privy Council.
